

Overseas foreign users (Foreign ID users) are being issued with a Singpass Foreign user Account, also known as SFA, to transact with selected government and private sector digital services by SFA organisations.

Before you get started, here are some information on SFA and SFA organisations:

- SFA issued to foreigners cannot be used for any Singpass digital services, but can only be used to access digital services of the SFA organisation
- One cannot register for a SFA as it can only be issued by SFA organisations

**SFA organisations currently available:**

S/N	Name of SFA Organisation	SFA Organisation Links

More SFA organisations will be onboarded in future!
